EDISON ELECTRIC INSTITUTE

INDEX TO 1945 EDISON ELECTRIC INSTITUTE BULLETIN

Volume 13

Issue	*Pages*	*Issue*	*Pages*
January	1- 24	July	185-216
February	25- 56	August	217-244
March	57- 88	September	245-276
April	89-120	October	277-308
May	121-152	November	309-340
June	153-184	December	341-372

General Index

A

Accident Prevention
- Accident Prevention Committee Announces New Safety Film, 116
- Artificial Respiration—W. R. Smith, 270
- Bell System's Safety Observation Plan—Erle S. Miner, 237
- Edison Electric Institute Medal, 369
- Edison Electric Institute Safety Merit Award Plan Extended to Include Smaller Companies, 21
- Electrical Hazards and High Tension Fires—A. G. Harrison, 115
- How We Do It—H. H. Berman, 73
- Industry's Fatal Accidents Down in 1944—D. C. Stewart, 323
- Pole Top Resuscitation Saves Another Life, 232
- Responsibilities of Safety Engineers in Postwar Era—D. C. Stewart, 40
- Significance Tests for Industrial Injury Rates—D. C. Stewart, 361
- Ten Edison Electric Institute Resuscitation Medals Awarded in 1944—M. B. Woods, 33
- Tragedy Points Danger of Wanton Destruction, 326

Accident Prevention Committee
- Baltimore Meeting, 333
- Cleveland Meeting, 83
- Pittsburgh Meeting, 179

Accident Prevention Committee Announces New Safety Film, 116

Accountants Meet—Chairmen Discuss Work of Committes—H. C. Hasbrouck, 175

Accounting
- Accountants Meet—Chairmen Discuss Work of Committees—H. C. Hasbrouck, 175
- Customers' Billing In An Electric Utility—John D. Elliott, 354

Advertising
- Looking Ahead In Advertising—Ashton B. Collins, 193
- Public Learns About Kilowatt Hours Through Educational Advertising, 239

Air Conditioning
- Postwar Domestic Air Conditioning and Related Power System Distribution Problems—J. W. Anderson, 101

American Way, 20
- Business Managed Electric Power Companies' Balance Sheet, 204
- On Liberty—E. W. Gushee, 248

Annual Meeting of Pennsylvania Electric Association, 301

Another Fire Insurance Rate Reduction Is Negotiated by Insurance Committees, 100

Arkwright and Mitchell, 174

Army Division Award to Baltimore Company for Top Blood Donor Award, 138

Artificial Respiration—W. R. Smith, 270

Atomic Energy
- Scientists Explore Possibilities of Atomic Power for Electrical Production, 357

Aerial Cable Design
- Factors Which Influence Aerial Cable Design and Operation—Robert J. Wiseman, 79

B

Battle of Power Supply In Britain, 145

Bell System's Safety Observation Plan—Erle S. Miner, 237

Bonneville Project
- Finances of Bonneville Project, 1944—W. M. Carpenter, 161

Business Managed Electric Power Companies' Balance Sheet, 204

C

Cable Design
- Impulse and Dielectric Strength Tests on Various Insulating Tapes—G. B. McCabe, 104

Carrier Current
- Rural Telephone Service by Carrier on Power Circuits, 7

Charts
- Large Scale Charts Available for NESC Calculations, 272

Clapp Awarded Marston Medal, 203

Conventions and Meetings—
- Annual Meeting of Pennsylvania Electric Association, 301
- Edison Electric Institute Sales Conference to be Held in April, 344
- Indiana Association Meeting Meets at French Lick, 302
- Investors' League Holds Utilities Forum, 368
- Northwest Association Meeting, 229
- Northwest Association Plans Postwar Load Building, 302
- Northwest Association Re-Activates Committees, 368

Commercial Activities
- Commercial Men on the Alert—C. E. Greenwood, 29
- Consolidated Edison Releases Market Survey, 198
- Duquesne Light Company to Absorb Major Part of Electric Range Installation Cost, 367
- EEI Commercial Leaders Meet—Report on Undertakings for Stimulating Postwar Sales, 185
  - Commercial Sales Section Activities—P. M. Alden, 186
  - Residential Sales Section Activities—H. Restofski, 188
  - Industrial Sales Section Activities—E. L. Kavanaugh, 190
  - Wiring Committee Activities—B. F. Hartenstein, 192
- Electrical Products for Peace Time Market, 227
- New Plan for Financing Appliance Installment Sales—L. A. Mayo, 99
- Prospecting for Apparatus and Merchandise—T. Fort, 64
- Sales Training—Number One Industry Need—C. E. Greenwood, 217
- Saturation of Electric Refrigerators Now 68%, 240
- Selling Is the Answer—Charles A. Collier, 341
- Suggested Appliance Merchandising Principles, 144
- There Had Better Be More Than Just "Talk About Selling"—Don Mitchell, 224
- Turning on the Electrical Switches of Peace—F. McQuillin, 345
- Way Back in '14, 260
- West Penn Power Cooperative Plans and Promotional Activities Explained to Dealers, 322

Commercial Men on the Alert—C. E. Greenwood, 29

Committees of Institute Prepare for Increased Peace-time Activities, 277

Complete Electrification of a 30,000 Acre Victory Farm—B. L. England, 15

Consolidated Edison Releases Market Survey, 198

Cost of Living
- Department of Labor Reports Now Segregate Electricity and Gas in Cost of Living Breakdowns, 236
- Fuel Costs Up—Electricity Costs Down, 72
- Price of Electricity and Cost of Living, 98

Crossarm Loading Studies—H. F. Ostman, 173

Customers' Billing in an Electric Utility—John D. Elliott, 354

Customer Relations
Employee and Customer—Henry R. Flanegan, 5
How Are We Doing With the Customer?—W. E. Sturm, 249
Public Utility Credit Policy—J. Gordon Ross, 201, 258
Sonnet to Electricity—Mrs. Lester A. Ward, 272
Customer Service
Customers' Billing in an Electric Utility—John D. Elliott, 354
Important New Data in Standards for A-C Power Circuit Breakers, 364
Public Utility Credit Policy—J. Gordon Ross, 201, 258

D

Dams
Notes on Poli-Purpose Dams, 137
Department of Labor Reports Now Segregate Electricity and Gas in Cost of Living Breakdowns, 236
Distribution
Crossarm Loading Studies—H. F. Ostman, 173
Emergency Service Restoration—L. R. Gaty, 199
Fundamental Investigation of Graphitization of Piping, 209
Fundamentals of Distribution Substation Design—R. T. Henry, 168
Important New Data in Standards for A-C Power Circuit Breakers—H. R. Summerhayes and G. Sutherland, 364
Operating Experience With an Expulsion Tube Equipped 33 kv Wood Pole Line—M. H. Pratt, 297
Postwar Domestic Air Conditioning and Related Power System Distribution Problems—J. W. Anderson, 101
Progress in Power Apparatus Development—A. C. Monteith, 169
Progress Report on Aerial Cable—E. V. Sayles, 299
Some Observations on Subtransmission System Economics—D. K. Blake, 205
Domestic Use Now Averages 100 Kwhr Per Month, 331
Duquesne Light Company to Absorb Major Part of Electric Range Installation Cost, 367

E

EEI Commercial Leaders Meet—Report on Undertakings for Stimulating Postwar Sales, 185
Commercial Sales Section Activities—P. M. Alden, 186
Residential Sales Section Activities—Harry Restofski, 188
Industrial Sales Section Activities—E. L. Kavanaugh, 190
Wiring Committee Activities—B. F. Hartenstein, 192
EEI Committees
Committees of the Institute Prepare for Increased Peace-time Activities, 277
Personnel of EEI Committees for 1945-1946, 261
EEI Publications
Recent EEI Publications, 271, 369
EEI Publications and Service Material, 22, 87, 119, 243, 275, 306, 338
EEI Sales Conference to be Held in April, 344
Edison Electric Institute Medal, 369
Edison Electric Institute Safety Merit Award Plan Extended to Include Smaller Companies, 21
Electric Light and Power Industry in 1944, 1
Electric Power Problems Encountered by the Constructors of the "Big Inch" and the "Little Big Inch" Pipeline—W. H. Stueve, 139
Electric Power to Arm Nation for War—H. S. Bennion, 245
Electric Water Systems Council Issues "Proof" Booklet, 158
Electric Water Systems Sales Expected to Reach Peak Next Year, 294
Electrical Consumption
Domestic Use Now Averages 100 Kwhr Per Month, 331
Electrical Equipment Committee
Cincinnati Meeting, 180
Electrical Industry
Electric Light and Power Industry in 1944, 1
Submetered Residential Electric Customers Increase by More Than 1,000,000 in Four Years, 247
What Makes the Utilities Tick—C. W. Kellogg, 13
Electrical Hazards and High Tension Fires—A. G. Harrison, 115
Electrical Industry Sales Training Program Ready This Month, 344
Electrical Products for Peace-time Market, 227
Electricity
Little Known Facts About Electricity That I Never Learned in College—C. M. Ripley, 113
Electricity Production Measured Country's War Effort—1944, 125
Emergency Planning
Preplanning for Major Emergencies—T. H. Haines, 57
Emergency Service Restoration—L. R. Gaty, 199
Employee and the Customer—Henry R. Flanegan, 5
Employee Relations
How Are We Doing With the Customer?—W. E. Sturm, 249
Opportunities in Electrical Industry, 289
Wisconsin Public Service Corp'n Salutes Employees for War Services in Special Report, 167

F

FCC Radio Frequency Allocations, 153
FPC Brings Its Estimate of Bonneville Fixed Capital Into Line With Army's Allocation, 222
Factors Which Influence Aerial Cable Design and Operation—Robert J. Wiseman, 79
Finances of Bonneville Project—1944—W. M. Carpenter, 161
Financial Aspects
Electric Light and Power Industry in 1944, 1
What Makes the Utilities Tick—C. W. Kellogg, 13
Fire Insurance
Another Fire Insurance Rate Reduction Is Negotiated by Insurance Committees, 100
Fuel Costs Up—Electricity Costs Down, 72
Fundamental Investigation of Graphitization of Piping, 209
Fundamentals of Distribution Substation Design—R. T. Henry, 168
Future of Industrial Lighting, 255

G

Generation
Progress in Power Apparatus Development—A. E. Monteith, 169
Germany
Strategic Bombing of Electric Utilities in Germany, 330
Goverment in Business
FPC Brings Its Estimate of Bonneville Fixed Capital Into Line With Army's Allocation, 222
Finances of Bonneville Project—1944—W. M. Carpenter, 161
"Make This Your Canada"—and You'll Regret It—M. S. Nestor, 17
Missouri River Development—D. W. Snyder, Jr., 95
On Competitive Inequality and Public Power, 124
167 Electric Companies Announce Stand on Federal Power Project, 236
Postwar Outlook for Electric Utilities—H. P. Liversidge, 315
Proposed Missouri Valley Authority—A Threat to National Flood—Hon. Will M. Whittington, 133
Question Mark on the Horizon—Gay H. Brown, 25
"We Have a Peach of a Story to Tell"—J. B. Hayes, 157
What Happens When Taxpaying Utilities Are Taken Over by Public Power—Kinsey M. Robinson, 309
Graphitization of Piping
Fundamental Investigation of Graphitization of Piping, 209
Great Britain
Battle of Power Supply in Britain, 145

H

Hasbrouck Appointed EEI Accounting Director, 72
High Mark Set in Standards Approved by ASA, 20
Home Service
Laura McCall Award for Home Service Activities, 117
Winners of Annual Laura McCall Award, 303
How Are We Doing With the Customer?—W. E. Sturm, 249
How Service Men in Cleveland Are Learning About Opportunities in Electrical Field, 289
How We Do It—H. H. Berman, 73

I

Indiana Association Meeting Meets at French Lick, 302
Industry's Fatal Accidents Down in 1944—D. C. Stewart, 323
Industrial Development
Reconversion Problems in Buffalo Industrial Area, 43
Turning on Electrical Switches of Peace—F. McQuillin, 345
Industrial Lighting—A Symposium, 107
Introduction—T. E. Graham, 107
Industrial Incandescent Lighting—W. R. White, 107
Industrial Fluorescent Lighting—R. F. Dice, 109
Cold Cathode Lighting—Marshall A. Havenhill, 110
Industrial Power
EEI Industrial Sales Section Activities—E. L. Kavanaugh, 190
Electric Power Problems Encountered by the Constructors of "Big Inch" and the "Little Big Inch" Pipelines, 139
Recent Developments in Infra-Red Applications, 159
Use of Infra-Red in Drying Pottery—R. E. Gould, B. B. Evans and A. M. Flannigan, 75
Utility Power Marketing—Postwar Objectives and Methods, 195
Infra-Red Drying
Recent Developments in Infra-Red Applications, 159
Infra-Red Heating
Use of Infra-Red in Drying Pottery—R. E. Gould, B. B. Evans and A. M. Flannigan, 75
Investors League Holds Utilities Forum, 368
Important New Data in Standards for A-C Power Circuit Breakers, 364
Impulse and Dielectric Strength Tests on Various Insulating Tapes—G. B. McCabe, 104

J

Job Ahead for Transmission and Distribution Committee—L. R. Gaty, 295
Joint Committee on Plant Coordination, 23
Juice That Stewed the Axis, 235

L

Large Scale Charts Available for NESC Calculations, 272
Laura McCall Award for Home Service Activities, 117
Lighting
  Postwar Lighting Markets as Shown by Various Surveys, 251
Lighting—General
  What's Ahead in Lighting?—H. M. Horton, 8
Lighting—Industrial
  Future of Industrial Lighting, 255
  Industrial Lighting—A Symposium, 107
    Introduction—T. E. Graham, 107
    Industrial Incandescent Lighting—W. R. White, 107
    Industrial Fluorescent Lighting—R. F. Dice, 109
    Cold Cathode Lighting—M. A. Havenhill, 110
Lighting—Residential
  New Home Lighting Film Produced by Better Light Bureau, 367
  Recommended Practice of Home Lighting, 300
Lighting—Streets
  New BL-BS Sound-Slide Film on Street Lighting, 303
Lightning
  New Edition of Code for Protection Against Lighting, 240
Little Known Facts About Electricity That I Never Learned in College—C. M. Ripley, 113
Looking Ahead in Advertising—Ashton B. Collins, 193

Mc

McCarter (Thomas N.) Retires, 335

M

"Make This Your Canada"—and You'll Regret It—M. S. Nestor, 17
Mayott Honored for Work With OWU, 156
Missouri River Development—D. W. Snyder, Jr., 95
Missouri Valley Authority
  Proposed Missouri Valley Authority—A Threat to National Flood Control—Hon. Will M. Whittington, 133

N

New BL-BS Sound Slide Film on Street Lighting, 303
New Edition of Code for Protection Against Lightning, 240
New Home Lighting Film Produced by Better Light Bureau, 367
New Plan for Financing Appliance Installment Sales—L. A. Mayo, 99
1944 Electricity Production Measured Country's War Effort, 125
Northwest Association Meeting, 229
Northwest Association Plans Postwar Load Building, 302
Northwest Association Re-Activates Committees, 368
Notes on Poli-Purpose Dams, 137

O

Obituaries
  Conwell, R. N., 152

On Competitive Inequality and Public Power, 124
On Liberty—E. W. Gushee, 248
167 Electric Companies Announce Stand on Federal Power Projects, 236
Operating Equipment
  Prospecting for Apparatus and Merchandise—T. Fort, 64
Operating Experience with an Expulsion Tube Equipped 33 kv Wood Pole Line—M. H. Pratt, 297
Opportunities for Young Men in the Electric and Gas Industry—Justin R. Whiting, 223
Opportunities in Electrical Industry, 289

P

P. L. Smith Heads Newly Organized National Association of Electric Companies, 240
Path Ahead—C. W. Kellogg, 285
Personals—24, 54, 85, 118, 149, 182, 214, 241, 273, 304, 336 and 370
Personals
  A. T. O'Neill Elected President, Buffalo Niagara Electric Corp. 335
  Arkwright and Mitchell, 174
  Clapp Awarded Marston Medal, 203
  Pope Heads P. U. A. A., 178
  Thomas N. McCarter Retires, 335
Personnel
  Hasbrouck Appointed EEI Accounting Director, 72
  Opportunities for Young Men in the Electric and Gas Industry—Justin R. Whiting, 223
  Personnel of EEI Commercial Committees, 51
  Personnel of EEI Committees for 1945-1946, 261
Pipelines
  Electric Power Problems Encountered by Constructors of "Big Inch" and "Little Big Inch" Pipelines, 139
Plant Coordination
  Joint Committee on Plant Coordination, 23
Pole Top Resuscitation Saves Another Life, 232
Poles—Joint Use of
  Successful Trial Installation Points Way for Joint Use of Poles in Rural Area—H. J. Scholz and F. M. Craft, 327
Pope Heads Public Utilities Advertising Association, 178
Postwar Activities and Planning
  Story of One Electric Company's Part in the War—Horace P. Liversidge, 67
Postwar Domestic Air Conditioning and Related Power System Distribution Problems—J. W. Anderson, 101
Postwar Lighting Markets as Shown by Various Surveys, 251
Postwar Outlook for Electric Utilities—H. P. Liversidge, 315
Postwar Planning
  Committees of Institute Prepare for Increased Peace-time Activities, 277
  Electrical Products for Peace-time Market, 227
  Job Ahead for Transmission and Distribution Committee—L. R. Gaty, 295
  Opportunities for Young Men in the Electric and Gas Industry—Justin R. Whiting, 223

  Path Ahead—C. W. Kellogg, 285
  Postwar Lighting Markets as Shown by Various Surveys, 251
  Postwar Outlook for Electric Utilities—H. P. Liversidge, 315
  Purchasing Outlook for Electric Utilities, 233
  Utility Power Marketing—Postwar Objectives and Methods, 195
  Wisconsin Public Service Corp. Salutes Employees for War Services in Special Report, 167
"Power for War," 303
Power Output
  Electricity Production Measured Country's War Effort in 1944, 125
Preplanning for Major Emergencies—T. H. Haines, 57
Price of Electricity and Cost of Living, 98
Prime Movers Committee
  New York Meeting, 368
Progress in Power Apparatus Development—A. C. Monteith, 169
Progress Report on Aerial Cable—E. V. Sayles, 299
Proposed Missouri Valley Authority—A Threat to National Flood Control—Hon. Will M. Whittington, 133
Prospecting for Apparatus and Merchandise—T. Fort, 64
Public Learns About Kilowatt Hours Through Educational Advertising, 239
Public Relations
  Employee and Customers—Henry R. Flanegan, 5
  Looking Ahead in Advertising—Ashton B. Collins, 193
  Opportunities in Electrical Industry, 289
  Public Learns About Kilowatt Hours Through Educational Advertising, 239
  Public Utility Credit Policy—J. Gordon Ross, 258
  Puget Sound Company Again Wins Report Contest, 203
  Selling Is the Answer—Charles A. Collier, 341
  744 Out of 745 Say—"Electric Service Is Good," 257
  Talk About the Company—C. C. Curtis, 121

Public Utility Credit Policy—J. Gordon Ross, 201, 258
Puget Sound Company Again Wins Report Contest, 203
Purchasing Outlook for Electric Utilities—R. W. T. Purchas, 233

Q

Question Mark on the Horizon—Gay H. Brown, 25

R

Radio Frequency Allocations
FCC Radio Frequency Allocations, 153
Recent EEI Publications, 271, 369
Recent Developments in Infra-Red Applications, 159
Recommended Practice of Home Lighting, 300
Reconversion
Reconversion Problems in Buffalo Industrial Area, 43
Remaining Market for Rural Electrification Is Only 3,500,000 Occupied Homes, 239
Report on Army-Navy-Utility Cooperation
"We Got Power, and not—Thank God—Alibis," 28
Requirements for a thorough Rural Electrification Job—J. A. Mahr, 31
Responsibilities of Safety Engineers in Postwar Era—D. C. Stewart, 40
